WELCOME MESSAGE

Dear Friends and Colleagues,

On Behalf of the Indonesian Heart Association (IHA), we are pleased to inform you that the 27th Annual Scientific Meeting of Indonesian Heart Association (27th ASMIHA) will take place in Jakarta, from 19 - 22 April, 2018. The Meeting will be conducted in collaboration with Asian Pacific Society of Cardiology (APSC), American College of Cardiology (ACC), European Society of Cardiology (ESC), ASEAN Federation of Cardiology (AFC), Cardiac Society of Australia and New Zealand (CSANZ), and the Japanese Circulation Society (JCS).

The scientific program will include workshops, lectures, debates, case presentations, late breaking studies, young investigator award, free paper, poster presentation as well as industry symposia. During the four days of scientific sessions, attendees will experience more interactive sessions, featuring the latest updates on acute cardiac practice, heart failure, prevention, hypertension, cardio-metabolic syndrome, surgery, echocardiography, electrophysiology and pacing, vascular disease, cardiovascular imaging, intervention, pediatric cardiology and interact with colleagues from around the world.

ASMIHA is designed to meet the specific educational needs of medical professional involved in the management and treatment of cardiovascular diseases as they are encountered by general physicians, cardiologist, cardiovascular surgeons, pediatricians, internist, nurses and allied-health professionals. This scientific meeting would also be beneficial for those in education and training, such as fellows, residents, medical students and nursing or allied-health professional students.

We believe that the meeting will stimulate creative exchange of ideas and provide you with the opportunity to renew old friendship

We look forward to your active participation in the 27th ASMIHA and see you soon in Jakarta on April 2018.

Yours Sincerely,

Ismoyo Sunu, MD, PhD, FIHA

FOCUS: ABSTRACT BASED PROGRAMS

Young Investigator Awards

This competition is eligible for those below 40 years old (as January 2018) who are residents of cardiology and cardiologist with interest in cardiovascular research. Eight finalists will present their research in English. The judges are the presidents or representatives from Cardiovascular Societies member of ASEAN Federation of Cardiology.

Oral Presentation

Participants of this session will have a chance to present their research. It will be a good opportunity to share and learn more. It is opened for residents in cardiology, cardiologist, other medical specialist and general physicians with interest in cardiovascular field.

Cardiovascular Research Forum

Selected papers will be presented in an open session and will be discussed in depth with the leading national cardiology researchers.

Moderated Poster Session

Participants will present their research or case presentation with visual display. The posters will be moderated by two experts in the respective field, ensuring high quality interaction feedback.

GUIDELINES FOR ABSTRACT

The 27th ASMIHA Committee invites you to submit abstract of original investigations for consideration to be published at European Heart Journal. Abstract should constitute of original research (epidemiological studies, clinical studies, basic studies and animal studies are equally encouraged) in the cardiovascular fields. The content may include portions of prior abstracts and/or manuscripts submitted or presented elsewhere. Submission of an abstract constitutes a commitment by the author(s) to present, if accepted. Failure to present may jeopardize future acceptance of abstracts.

Abstract Submission Guidelines

Abstract Title

Abstract titles should be concise and should not contain abbreviations. Please use correct Title Case and make sure to **bold** the entire title.

Example :

This is a Properly Formatted Title

Abstract Author

All individuals listed as authors should qualify for authorship and should have participated sufficiently in the work to take public responsibility for appropriate portions of the content. Authors included in the manuscript should meet all of the following conditions: 1) substantial contributions to the conception and design, acquisition of data, or analysis and interpretation of data; 2) drafting the article or revising it critically for important intellectual content; and 3) final approval of the version to be published. Any other contributors to the work who do not qualify for authorship should be listed in an acknowledgement section.

The submitting author is automatically designed as the primary/presenting author. List of author(s), institute(s), city, and country should be written immediately below the title. Institute(s), city, and country should be written in *Italic* and Authors name should be listed by initials followed by surname only. First author name should be underlined.

Example:

A. Prasetyawan¹ , F. M. Marck²

¹Faculty of Medicine, University of Indonesia, Jakarta, Indonesia; ²National Cardiovascular Heart Center Hospital, Jakarta, Indonesia
