

26th Asmiha

Annual Scientific Meeting of
Indonesian Heart Association

Multidisciplinary Approach to Cardiovascular
Disease in All Levels of Care

April 20 - 23, 2017 - Ritz-Carlton Hotel, Jakarta

Scientific Program:

Workshops : Thursday, April 20, 2017

Symposiums : Friday - Sunday, April 21 - 23, 2017

Workshops, Symposiums, Joint Sessions, Working Group Tracks, Debate Session,
IHA for General Practitioners, Late Breaking Original Studies, Research Forum,
Young Investigators Award, Oral Presentations, and Poster Sessions

ACCEPTED ABSTRACT PUBLISHED AT
EUROPEAN HEART JOURNAL

FINAL ANNOUNCEMENT

Joint Session

Ismoyo Sunu, MD, PhD, FIHA, FAsCC
President,
Indonesian Heart Association

Iwan Dakota, MD, PhD, FIHA, FAsCC, FESC, FACC
Chairman Organizing Committee
The 26th ASMIHA

Renan Sukmawan, MD, PhD, FIHA, FACC
Chairman Scientific Committee
The 26th ASMIHA

WELCOME MESSAGE

Dear Friends and Colleagues,

On Behalf of the Indonesian Heart Association (IHA), We are pleased to inform you that the 26th Annual Scientific Meeting of Indonesian Heart Association (26th ASMIHA) will take place in Jakarta, from 20 - 23 April, 2017. The Meeting will be conducted in collaboration with Asian Pacific Society of Cardiology (APSC), American College of Cardiology (ACC), European Society of Cardiology (ESC), ASEAN Federation of Cardiology (AFC), Cardiac Society of Australia and New Zealand (CSANZ), and the Japanese Circulation Society (JCS).

The theme of this year is **“Multidisciplinary Approach to Cardiovascular Disease in All Levels of Care”**. This theme reflects the challenges faced by health professionals related to the increase in the complexity of heart diseases with various new diagnostic and therapeutic modalities introduced. At the same time Universal Health Coverage with limited budget has been implemented in some countries, like Indonesia. Certainly, multidisciplinary approaches are required to deal with the challenges while empowering health professionals including physicians, nurse, and allied health professionals in all levels of care.

The scientific program will include workshops, lectures, debates, case presentations, late breaking studies, young investigator award, free paper, poster presentation as well as industry symposia. During the four days of scientific sessions, attendees will experience more interactive sessions, featuring the latest updates on acute cardiac practice, heart failure, prevention, hypertension, cardio-metabolic syndrome, surgery, echocardiography, electrophysiology and pacing, vascular disease, cardiovascular imaging, intervention, pediatric cardiology and interact with colleagues from around the world.

ASMIHA is designed to meet the specific educational needs of medical professional involved in the management and treatment of cardiovascular diseases as they are encountered by general physicians, cardiologist, cardiovascular surgeons, pediatricians, internist, nurses and allied-health professionals. This scientific meeting would also be beneficial for those in education and training, such as fellows, residents, medical students and nursing or allied-health professional students.

We believe that the meeting will stimulate creative exchange of ideas and provide you with the opportunity to renew old friendship

We look forward to your active participation in the 26th ASMIHA and see you soon in Jakarta on April 2017.

Yours Sincerely,

Ismoyo Sunu, MD, PhD, FIHA, FAsCC
President,
Indonesian Heart Association

Iwan Dakota, MD, PhD, FIHA, FAsCC, FESC, FACC
Chairman Organizing Committee
The 26th ASMIHA

Renan Sukmawan, MD, PhD, FIHA, FACC
Chairman Scientific Committee
The 26th ASMIHA

Meeting Spotlight: Multidisciplinary Approach to Cardiovascular Disease in All Levels of Care

This year we are going to focus on comprehensive cardiovascular services in all levels of healthcare institution.

How to Sessions for General Practitioners

This session is designed specifically for general practitioners who work in the primary health care.

Joint Symposiums

These sessions will integrate national expert in cardiology with top international experts from prestigious societies that study the field of cardiology from around the world, such as: American College of Cardiology (ACC), European Society of Cardiology (ESC), Asian Pacific Society of Cardiology (APSC), Asean Federation of Cardiology (AFC), Cardiac Society of Australia & New Zealand (CSANZ), and Japanese Circulatory Society (JCS).

Debate Session

This session will discuss in depth a topic related to management of cardiovascular diseases that still have different way to apply in the real world. A special topic will be chosen and different experts will present her/his view on the topic from different angle. This session will also provide some insights on how to make interpretations to the evidences available on that specific topic. Finally, it will be up to the audiences to internalize the facts and evidences to translate them in daily clinical practice.

Late Breaking Original Studies and Best Published Paper

New original paper or studies are the core of any scientific meeting worldwide. These evidences come from well-designed studies to answer problem or hypothesis arise in our daily practice. This session will feature results of high impact studies conducted in Indonesia. The new findings or newly published paper from Indonesian scholar will be presented.

Bring Up Your Cases: Discuss with The Experts

In accordance with the theme to empower health professionals in all levels of care, we invite colleagues to bring up their unique or difficult cases on the field of cardiology and vascular medicine in daily practice to the session. A panel of cardiovascular experts with different subspecialties in cardiovascular medicine will join the interactive discussion with the audiences.

SPECIAL FEATURES

FOCUS: WORKING GROUP TRACKS

- Echocardiography
- Acute Cardiovascular Care
- Nuclear Cardiology and Cardiac Imaging
- Interventional Cardiology
- Woman Cardiology
- Atherosclerosis, Thrombosis, Lipidology & Regeneration Therapy
- Vascular Disease
- Heart Failure
- Prevention & Rehabilitation
- Hypertension
- Pediatric Cardiology
- Electrophysiology & Pacing

FOCUS: WORKSHOPS

WORKSHOP ON CARDIAC AUSCULTATION & PHYSICAL EXAMINATION

07.30 – 16.00

WORKSHOP ON ACUTE CARDIOVASCULAR CARE: CARDIORESPIRATORY MANAGEMENT IN CARDIAC CRITICAL CARE

07.30 – 16.00

WORKSHOP ON ECHOCARDIOGRAPHY IN PEDIATRIC CARDIOLOGY AND CONGENITAL HEART DISEASE: RIGHT HEART ANOMALIES

07.30 – 16.00

WORKSHOP ON STRESS ECHOCARDIOGRAPHY IN CLINICAL PRACTICE: WHEN AND HOW ?

07.30 – 16.00

WORKSHOP ON WIDE COMPLEX TACHYARRHYTHMIA: “VT OR NOT VT? THAT IS THE QUESTION...”

07.30 – 16.00

WORKSHOP ON MULTI DIAGNOSTIC MODALITIES FOR PERIPHERAL VASCULAR DISEASES

07.30 – 16.00

WORKSHOP ON STABLE ANGINA PECTORIS

07.30 – 16.00

WORKSHOP ON NUCLEAR CARDIOLOGY & CARDIOVASCULAR IMAGING: CARDIAC MAGNETIC RESONANCE

07.30 – 16.00

FOCUS: WORKSHOPS

WORKSHOP ON HYPERTENSION: EARLY TARGET ORGAN DAMAGE AND ITS REVERSIBILITY

07.30 – 16.00

WORKSHOP ON HOLISTIC CARE OF HEART FAILURE: FROM ACUTE TO ADVANCED MANAGEMENT

07.30 – 16.00

WORKSHOP ON CARDIAC INTERVENTION: OPTICAL COHERENCE TOMOGRAPHY AND FRACTIONAL FLOW RESERVE

07.30 – 16.00

WORKSHOP ON EXERCISE STRESS TESTING: TREADMILL AND ERGOCYCLE

07.30 – 16.00

WORKSHOP ON PERI OPERATIVE CARDIAC CARE FOR NON CARDIAC SURGERY

07.30 – 16.00

FOCUS: ABSTRACT BASED PROGRAMS

Young Investigator Awards

This competition is eligible for those below 40 years old (as January 2017) who are residents of cardiology and cardiologist with interest in cardiovascular research. Eight finalists will present their research in English. The judges are the presidents or representatives from Cardiology Societies member of ASEAN Federation of Cardiology.

Oral Presentation

Participants of this session will have a chance to present their research. It will be a good opportunity to share and learn more. It is opened for residents in cardiology, cardiologist, other medical specialist and general physicians with interest in cardiovascular field.

Cardiovascular Research Forum

Selected papers will be presented in an open session and will be discussed in depth with the leading national cardiology researchers.

Moderated Poster Session

Participants will present their research or case presentation with visual display. The posters will be moderated by two experts in the respective field, ensuring high quality interaction feedback.

PROGRAM AT GLANCE

Friday, 21th April 2017

Time	Ballroom 1	Ballroom 2	Mutiara Ballroom	Mutiara 8	Mutiara 9
07.00-08.30	REGISTRATION				
08.30-09.30	PLENARY SESSION 1	PLENARY SESSION 2	SYMPOSIUM 1 WORKING GROUP TRACK- Echocardiography <i>Left Ventricular Assessment: What's New</i>		
09.30-10.30	SYMPOSIUM 2 WORKING GROUP TRACK- Hypertension How to Solve the Controversies in Hypertension: <i>a Comprehensive Cardiovascular Approach in Clinical Management</i>	SYMPOSIUM 3 Today Use of Antiplatelet and Anticoagulant	SYMPOSIUM 4 WORKING GROUP TRACK - Atherosclerosis, Thrombosis, Lipidology, and Regeneration Therapy <i>Cardiac Regeneration Therapy in Indonesia: The Latest Update</i>		
10.30-11.30	LUNCH SYMPOSIUM 1	LUNCH SYMPOSIUM 2	LUNCH SYMPOSIUM 3		
11.30-13.00	FRIDAY PRAYING and LUNCH				
13.00-14.00	OPENING CEREMONY KEYNOTE ADDRESS : Strategy to Reduce Burden of Cardiovascular Services For the National Health Insurance Fahmi Idris (Head of BPJS - Health)				

PROGRAM AT GLANCE

14.00-15.20	<p>SYMPOSIUM 5 Emerging Problems in Daily Cardiovascular Practices</p>	<p>SYMPOSIUM 6 JOINT SYMPOSIUM IHA-APSC (Asian Pacific Society of Cardiology) <i>Peripheral Artery Diseases: Evolving Concepts in Managing Limb Ischemia</i></p>	<p>SYMPOSIUM 7 WORKING GROUP TRACK – Electrophysiology & Pacing <i>Brugada Syndrome: From Genetic to Intervention</i></p>	<p>YOUNG INVESTIGATOR AWARD COMPETITION</p>	<p>ORAL PRESENTATION</p>
15.20-16.30	<p>SYMPOSIUM 8 How To Sessions For General Practitioners <i>How to Do an Effective CPR</i></p>	<p>SYMPOSIUM 9 JOINT SYMPOSIUM IHA - CSANZ (Cardiac Society of Australia & New Zealand) <i>Advance Heart Failure and Devices</i></p>	<p>SYMPOSIUM 10 WORKING GROUP TRACK - Nuclear Cardiology & Cardiac Imaging <i>Role of Cardiac Imaging by CT, MR and SPECT in Stable Coronary Artery Disease</i></p>		
16.30-17.00	Door prize				

PROGRAM AT GLANCE

Saturday, 22th April 2017

Time	Ballroom 1	Ballroom 2	Mutiara Ballroom	Mutiara 8
07.00-08.00		BREAKFAST		
08.00-09.00	BREAKFAST SYMPOSIUM 1	BREAKFAST SYMPOSIUM 2	BREAKFAST SYMPOSIUM 3	
09.00-10.30	PLENARY SESSION 3	PLENARY SESSION 4	SYMPOSIUM 11 WORKING GROUP TRACK - Interventional Cardiology <i>PCI in Diabetic Patients</i>	
10.30-10.40		COFFEE BREAK		
10.40-12.00	SYMPOSIUM 12 Defining Optimal Medical Therapy in Cardiovascular Diseases	SYMPOSIUM 13 JOINT SYMPOSIUM IHA-ACC (American College of Cardiology) <i>Advance Lipid and Atherosclerosis</i>	SYMPOSIUM 14 WORKING GROUP TRACK - Vascular Disease <i>Vascular Problems in Patients with Chronic Kidney Disease</i>	ORAL PRESENTATION
12.00-13.00	LUNCH SYMPOSIUM 4	LUNCH SYMPOSIUM 5	LUNCH SYMPOSIUM 6	CARDIOVASCULAR RESEARCH FORUM
13.00-14.00		LUNCH and POSTER SESSIONS		

PROGRAM AT GLANCE

14.00-15.20	<p>SYMPOSIUM 15 Debate Session</p> <p><i>Is CABG Still Preferred Choice for Revascularization in Three Vessels Diseases in the Era of Minimal Invasive Surgery and New Generation of DES? (Pros and Cons)</i></p>	<p>SYMPOSIUM 16 JOINT SYMPOSIUM IHA - ESC (European Society of Cardiology)</p> <p><i>Acute Coronary Syndrome : Revascularization and Pharmacoinvasive Strategy</i></p>	<p>SYMPOSIUM 17 WORKING GROUP TRACK - Cardiology in Woman</p> <p><i>Cardio - Oncology in Woman</i></p>	CARDIOVASCULAR RESEARCH FORUM
15.20-16.40	<p>SYMPOSIUM 18 How To Sessions For General Practitioners</p> <p><i>How to Treat Resistant Hypertension in Clinics</i></p>	<p>SYMPOSIUM 19 Late Breaking Original Studies And Best Published Paper</p>	<p>SYMPOSIUM 20 WORKING GROUP TRACK - Heart Failure</p> <p><i>The Latest Recommendation in Heart Failure</i></p>	
16.40-17.00	Door Prize			
17.00-18.00	CONVOCAION and GALA DINNER			

PROGRAM AT GLANCE

Sunday, 23th April 2017

Time	Ballroom 1	Ballroom 2	Mutiara Ballroom	Mutiara 8
07.00-08.00		BREAKFAST		
08.00-09.00	BREAKFAST SYMPOSIUM 4	BREAKFAST SYMPOSIUM 5	SYMPOSIUM 21 WORKING GROUP TRACK - Prevention & Rehabilitation <i>Complimentary Therapy in Cardiovascular Practices</i>	
09.00-10.30	PLENARY SESSION 5	SYMPOSIUM 22 JOINT SYMPOSIUM IHA – JCS (Japanese Circulatory Society) <i>Pulmonary Hypertension Management</i>	SYMPOSIUM 23 WORKING GROUP TRACK - Pediatric Cardiology <i>Non Surgical Intervention in Congenital Heart Diseases</i>	
10.30-10.40		COFFEE BREAK		
10.40-11.40	LUNCH SYMPOSIUM 7	LUNCH SYMPOSIUM 8	LUNCH SYMPOSIUM 9	ORAL PRESENTATION
11.40-13.00	SYMPOSIUM 24 How To Sessions For General Practitioners <i>Bring Up Your Cases: Discuss With The Experts</i>	SYMPOSIUM 25 JOINT SYMPOSIUM IHA - AFC (Asean Federation of Cardiology) <i>Heart Team Approach In Valvular Heart Disease</i>	SYMPOSIUM 26 WORKING GROUP TRACK – Acute Cardiovascular Care <i>Acute Heart Failure and Cardiogenic Shock 2017</i>	
13.00-13.20		Grand Door Prize and CLOSING CEREMONY		
13.20-14.30		LUNCH		

Friday, April 21, 2017

PLENARY SESSION 1 – Ballroom 1

Chairman *Eko Antono*

08.30 - 09.00 Diastolic dysfunction: what is the most recent criteria and how to apply in daily practices

Amiliana M. Soesanto

09.00 - 09.30 Advanced treatment for peripheral diseases: Drug, intervention and cells

Rei Shibata

PLENARY SESSION 2 – Ballroom 2

Chairman *Hananto Andriantoro*

08.30 - 09.00 State of the art aortic intravascular intervention

Iwan Dakota

09.00 - 09.30 Mechanical Circulatory Support and Cardiac Transplantation in Advance Heart Failure: Current Status

Andrew Boyle

SYMPOSIUM 1 – Mutiara Ballroom

Working Group Track - Echocardiography

Left Ventricle Assessment: What's New?

Chairman *Augustine Purnomowati*

Co-Chairman *Ahmad Lefi*

08.30 - 08.50 Left ventricular hypertrophy criteria: Differentiating normal from diseased

BRM Ario S Kuncoro

08.50 - 09.10 Defining left ventricle hypertrophy: Recent updates and guideline

Agus Subagjo

09.10 - 09.30 Left ventricle assessment in regurgitation lesion

Rangga Wibhuti

SCIENTIFIC SESSION

SYMPOSIUM 2 – Ballroom 1

Working Group Track - Hypertension

How To Solve The Controversies in Hypertension: a Comprehensive Cardiovascular Approach in Clinical Management

Chairman *Peter Kabo*

Co-Chairman *Frits Suling*

09.30 - 09.50 Guidelines in hypertension: dilemmas in daily practices
Erwinanto

09.50 - 10.10 Blood pressure variability: the good or the bad guy ?
A. Sari Mumpuni

10.10 - 10.30 Blood pressure control: a marathon or a sprint ?
Arieska Ann Soenarta

SYMPOSIUM 3 – Ballroom 2

Today Use of Antiplatelet and Anticoagulant

Chairman *Rochmat Romdhoni*

Co-Chairman *Rina Elfiani*

09.30 - 09.50 Controversy in antiplatelets use for primary prevention: Benefit or harmful ?
Basuni Radi

09.50 - 10.10 How long dual antiplatelet therapy be continued post PCI: Is clopidogrel still used ?
Doni Firman

10.10 - 10.30 Prophylaxis for VTE in patient with heart failure: The evolving standard of care for hospitalized patient
Siska S. Danny

SYMPOSIUM 4 – Mutiara Ballroom

Working Group Track - Atherosclerosis, Thrombosis, Lipidology & Regeneration Therapy

Cardiac Regeneration Therapy in Indonesia

Chairman *Djangan Sargowo*

Co – Chairman *Abdul Hakim Alkatiri*

09.30 - 09.50 Direct injection of cardiac stem cells in CABG: Harapan Kita NCVC experience
Tri Wisesa

09.50 - 10.10 Experiences on cardiac stem cells therapy in the RSUPN Dr Cipto Mangunkusumo
Idrus Alwi

10.10 - 10.30 Development of resident cardiac stem cell : The promising cell sources for advance cardiac disorders
Erlin Listyaningsih

LUNCH SYMPOSIUM 1 – Ballroom 1

Chairman *Paul Harjono*

Co-Chairman *Henry Pakpahan*

10.30 - 10.50 Not all calcium channel blocker are equal

Rossana Barack

10.50 - 11.10 The role of anti-coagulant in the management of stroke prevention in atrial fibrillation

Daniel Tanubudi

11.10 -11.30 Discussion

LUNCH SYMPOSIUM 2 – Ballroom 2

Chairman *Haris Hasan*

Co-Chairman *Adrian Masno*

10.30 - 10.50 Cost Effectiveness Procedures in Cathlab

Isman Firdaus

10.50 - 11.10 Advanced image guidance for cardiology: what's new?

Erick Buts

11.10 -11.30 Discussion

LUNCH SYMPOSIUM 3 – Mutiara Ballroom

Chairman *Doni Firman*

Co-Chairman *I Made Junior Artha*

10.30 - 10.50 Improving Radiation Safety for Personal in Cathlab : The New Approaches

Sodiqur Rifqi

10.50 - 11.10 How to Design an Effective Cardiac Center with Advance Technology

TBA

11.10 -11.30 Discussion

SYMPOSIUM 5 – Ballroom 1

Emerging Problems in Daily Cardiovascular Practices

Chairman *Pujo Rahasto*

Co-Chairman *Iddar Mappangara*

14.00 - 14.20 New frontier in cardiac oncology and evaluation for patients underwent chemotherapy

Erwan Martanto

14.20 - 14.40 How to overcome dilutional hyponatremia due to diuretic resistance

Jeffrey Daniel Adipranoto

14.40 - 15.00 Management of hypertension to prevent cardiovascular event

Faris Basalamah

15.00 - 15.20 Discussion

SCIENTIFIC SESSION

SYMPOSIUM 6 – Ballroom 2

JOINT SYMPOSIUM IHA-APSC (Asian Pacific Society of Cardiology)

Peripheral Artery Diseases : Evolving concepts in managing Limb Ischemia

Chairman *Pintoko Tedjokusumo*

Co – Chairman *Suko Adiarto*

14.00 -14.20 Endovascular therapy versus bypass surgery as first line treatment strategies for critical limb ischemia

Rini Pramesti

14.20 -14.40 Recent advances in lower limb intervention

RWM Kaligis

14.40 -15.00 Current status of stem cell therapy for critical limb ischemia

Rei Shibata

15.00 - 15.20 Discussion

SYMPOSIUM 7 – Mutiara Ballroom

Working Group Track - Electrophysiology & Pacing

Brugada Syndrome: From Genetic to Intervention

Chairman *Agus Harsoyo*

Co – Chairman *Beny Hartono*

14.00 - 14.20 Brugada syndrome: genetic disease or discrete myopathy ?

Alexander Edo Tondas

14.20 - 14.40 Clinical appearance of brugada syndrome

Hauda El Rasyid

14.40 - 15.00 Can radiofrequency ablation cure brugada syndrome ?

Hariadi

15.00 - 15.20 Discussion

SYMPOSIUM 8 – Ballroom 1

How To Sessions (IHA For General Practitioners)

How To Do an Effective CPR

Chairman *Endang Ratnaningsih*

Co-Chairman *Infan Ketaren*

15.25 - 15.40 Cardiac arrest: step by step approach – interactive case

M. Fadil

15.40 - 15.55 CPR : Should we use adrenaline, ventilation, mechanical device? –interactive case

Andika Sitepu

15.55 - 16.10 What we learn from the newest CPR guidelines – interactive case

Ismir Fahri

16.10 - 16.30 Wrap up: take home messages

SYMPOSIUM 9 – Ballroom 2

JOINT SYMPOSIUM IHA-CSANZ (Cardiac Society Of Australia & New Zealand)

Advance Heart Failure and Devices

Chairman *Jetty Sedyawan*

Co – Chairman *Dadang Hendrawan*

15.20 - 15.40 Advanced Imaging approaches in heart failure: Selecting treatment modality and follow-up evaluation

Gemma Figtree

15.40 - 16.00 Indonesian Experience on CRT Implantation for Chronic Heart Failure

Dicky Hanafy

16.00 - 16.20 Transcatheter intracardiac shunt device for heart failure: Rationale, feasibility and efficacy

Andrew Boyle

16.20 - 16.30 Discussion

SYMPOSIUM 10 – Mutiara Ballroom

Working Group Track Nuclear Cardiology & Cardiac Imaging

Role of Cardiac Imaging CT, MR and SPECT in Stable Coronary Artery Disease

Chairman *Budi S Pikir*

Co – Chairman *Celly Anantaria*

15.20 - 15.40 CAD-RADS: standardized guidelines for reporting coronary CT Angiography

Sony Hilal Wicaksono

15.40 - 16.00 Role of MRI in diagnosing non-ischemic cardiomyopathy

Saskia D Handari

16.00 - 16.20 The use of T1 relaxation time to predict significant ischemia

Manoefris Kasim

16.20 - 16.30 Discussion

SCIENTIFIC SESSION

Saturday, April 22, 2017

BREAKFAST SYMPOSIUM 1 – Ballroom 1

Chairman Shunichi Miyazaki

Co – Chairman Jajang Sinardja

08.00 - 08.20 Managing stroke risk in atrial fibrillation patients

Muhammad Yamin

08.20 - 08.40 Left Atrial Appendage (LAA) closure for stroke prevention in atrial Fibrillation

Razali Omar

08.40 - 09.00 Discussion

BREAKFAST SYMPOSIUM 2 – Ballroom 2

Chairman M. Edial Sanif

Co – Chairman Suarman Idarsyah

08.00 - 08.20 Target and benefit of blood pressure lowering through nitric oxide and beta 3 agonism: focus on nebivolol

Harmani Kalim

08.20 - 08.40 Challenge in the treatment of heart failure: Role of nebivolol

Angke Widya

08.40 - 09.00 Discussion

BREAKFAST SYMPOSIUM 3 – Mutiara Ballroom

Chairman Reggie Lefrandt

Co – Chairman Djoen Herdianto

08.00 - 08.20 Managing IHD and CHF : what can be done ? metabolic therapy advantages in high risk IHD patients

Sunu Budi Rahardjo

08.20 - 08.40 Hospital discharge in HF: the beginning of the journey, not the end ?

Nani Hersunarti

08.40 - 09.00 Discussion

PLENARY SESSION 3 – Ballroom 1

Chairman Anna Ulfah Rahajoe

09.00 - 09.30 From Fundamental Mechanistic Discoveries to New Pharmaterapies in Heart Failure

Gemma Figtree

09.30 - 10.00 Innovations in Device Therapy: Recent Advances and Future Direction

Razali Omar

10.00 - 10.30 Future in lipid therapeutic: The drugs and the targets

Alan S Brown

PLENARY SESSION 4 – Ballroom 2

Chairman *Harmani Kalim*

09.00 - 09.30 Micro RNA and Epigenetic Involvement in Cardiovascular Diseases
Delvac Oceandhy

09.30 - 10.00 Optimal revascularization in acute coronary syndrome : State of the art
Frans Van de Werf

10.00 - 10.30 Diagnostic and therapeutic trends in congenital heart diseases: what to see in the next decade
R. Krishna Kumar

SYMPOSIUM 11 – Mutiara Ballroom

Working Group Track - Interventional Cardiology

PCI In Diabetic Patients

Chairman *Budi Baktijasa*

Co – Chairman *Amir Aziz Alkatiri*

09.00 - 09.20 Choice of revascularization in diabetic patient: current status
Shunichi Miyazaki

09.20 - 09.40 Science behind a unique DES technology: The controlled amphiphilic formulation elution without the employment of a polymer
Jack Tan

09.40 - 10.00 The latest evidence on unique DES clinical outcome in diabetics
Choo Gim Hooi

10.00 - 10.20 Panel Discussion
All Speaker

SYMPOSIUM 12 – Ballroom 1

Defining Optimal Medical Therapy In Cardiovascular Diseases

Chairman *Trisulo Wasyanto*

Co-Chairman *Gusti Rifansyah*

10.40 - 11.00 Current approaches in managing dysglycemia for patients with coronary heart disease
Irmalita

11.00 - 11.20 Beta blocker agent with nitric oxide benefit to get the goal in cardiovascular disease management
Antonia Anna Lukito

11.20 - 11.40 How is non statin agent optimizing lipid goal therapy?
I Gde Rurus Suryawan

11.40 - 12.00 Discussion

SCIENTIFIC SESSION

SYMPOSIUM 13 – Ballroom 2

JOINT SYMPOSIUM IHA-ACC (American College of Cardiology)

Advance Lipid and Atherosclerosis

Chairman *Anwar Santoso*

Co – Chairman *Teuku Heriansyah*

10.40 - 11.00 Lipid lowering in diabetes and kidney diseases: what the consensus now?

J Nugroho Eko Putranto

11.00 - 11.20 What should be done for low HDL or high triglyceride levels: The latest perspective

Alan S Brown

11.20 - 11.40 Aggressive LDL-C lowering to reduce atherosclerotic plaque burden: any outcome benefits?

Renan Sukmawan

11.40 - 12.00 Discussion

SYMPOSIUM 14 – Mutiara Ballroom

Working Group Track - Vascular Disease

Vascular Problem in Patients in Chronic kidney Disease

Chairman *Sasmoyo Nindito*

Co – Chairman *Djamal A Hasan*

10.40 - 11.00 Special consideration of diagnosis and treatment of chronic limb Ischemia in CKD patients

Hariadi Hariawan

11.00 - 11.20 Detection and surveillance of AV-Shunt failure in patients undergoing chronic hemodialysis

Syarief Hidayat

11.20 - 11.40 Occlusion of central vein following double-lumen catheter insertion for temporary HD: how to deal with it

Suko Adiarto

11.40 - 12.00 Discussion

LUNCH SYMPOSIUM 4 – Ballroom 1

Chairman *Isman Firdaus*

Co – Chairman *Sanggap Indra Sitompul*

12.00 - 12.20 Latest update in dyslipidemia management: international and Indonesia guidelines

Anwar Santoso

12.20 - 12.40 PAH Therapy for today and tomorrow: the first PDE5-I approved in Indonesia

Lucia Kris Dinarti

12.40 - 13.00 Discussion

LUNCH SYMPOSIUM 5 – Ballroom 2

Chairman *Ramang Napu*

Co – Chairman *Stanley Panggabean*

12.00 - 12.20 Efficacy versus safety: the dilemma using antiplatelet in ACS

Muhamad Munawar

12.20 - 12.40 Role of rosuvastatin in moderate cardiovascular risk patient: Hope or foe?

Fauzi Yahya

12.40 - 13.00 Discussion

LUNCH SYMPOSIUM 6 – Mutiara Ballroom

Chairman *Leonora J Tiluata*

Co – Chairman *Hisyam Attamimi*

12.00 - 12.20 The unseen burden of heart failure in Indonesia

Bambang Budi Siswanto

12.20 - 12.40 The new treatment option of heart failure : the rediscovery of neprilysin inhibition

Aizai Azan Bin Abdul Rahim

12.40 - 13.00 Discussion

SYMPOSIUM 15 – Ballroom 1

DEBATE SESSION

CABG is still preferred choice for revascularization in three vessels diseases in the era of minimal invasive surgery and new generations of DES

Chairman *Bambang Budiono*

Co – Chairman *Tri Wisesa*

14.00 - 14.20 PRO- CABG is still preferred choice for revascularization in three vessels diseases in the era of minimal invasive surgery and new generations of DES

Dudi Hanafy

14.20 - 14.40 CONS - CABG is still preferred choice for revascularization in three vessels diseases in the era of minimal invasive surgery and new generations of DES

M. Saifur Rohman

14.40 - 15.00 Rebuttals & Closing Remark

All Speaker

15.00 - 15.20 Discussion

SCIENTIFIC SESSION

SYMPOSIUM 16 – Ballroom 2

JOINT SYMPOSIUM IHA - ESC (European Society of Cardiology)

Acute Coronary Syndrome

Chairman *Sunarya Soerianata*

Co – Chairman *Zulfikri Mukhtar*

14.00 - 14.20 Appropriate criteria myocardial revascularization in Non – STEMI
Nahar Taufik

14.20 - 14.40 Is there any role of thrombolysis in the era of primary PCI for STEMI ?
Frans Van de Werf

14.40 - 15.00 Percutaneous circulatory support for cardiogenic shock in ACS: Which and when?
Daniel P.L. Tobing

15.00 - 15.20 Discussion

SYMPOSIUM 17 – Mutiara Ballroom

Working Group Track- Cardiology In Woman

Cardio Oncology

Chairman *Antonia A Lukito*

Co-Chairman 1 *Fanni Abdullah*

Co-Chairman 2 *Fauzi Yahya*

14.00 - 14.20 Breast cancer, chemotherapy, arrhythmia, and heart failure
Noorsasiwi

14.20 - 14.40 Breast cancer, chemotherapy: oncologist perspective
Noorwati Soetandyo

14.40 - 15.00 Are breast cancer survivors at greater risk for cvd-related mortality ?
Febtusia Puspitasari

15.00 - 15.20 Discussion

SYMPOSIUM 18 – Ballroom 1

How To Sessions For (IHA For General Practitioners)

How To Treat Resistant Hypertension in Clinics

Chairman *Janry Pangemanan*

Co – Chairman *Yusra Pintaningrum*

15.20 - 15.40 Step by step approaches in diagnosing and treating resistant hypertension
Adrianus Kosasih

15.40 - 16.00 Selecting and art of delivering intravenous agents in emergency hypertensive
Andrianto

16.00 - 16.20 What to consider drug use in managing post crisis hypertensive?
Mangiring PL Toruan

16.20 - 16.40 Discussion

SYMPOSIUM 19 – Ballroom 2

Late Breaking Original Studies And Best Published Paper

Chairman *Delvac Oceandhy*

Co – Chairman *M Saifur Rohman*

15.20 - 15.40 The reduction of vasa vasorum angiogenesis through lipoprotein associated phospholipase A2 inhibition during early phase of atherosclerosis

Teuku Heriansyah

15.40 - 16.00 Correlation between levels of prostacyclin, NO, and endothelin-1 to pulmonary arterial hypertension on adult uncorrected atrial septal defect patients

Lucia Kris Dinarti

16.00 - 16.20 Relationship between epicardial adipose tissue with coronary lesion severity and its association with tumor necrosis factor- α , high sensitivity c-reactive protein and adiponectin

Abdul Hakim Alkatiri

16.20 - 16.40 Best published paper: Post-procedural intra-arterial nitroglycerin to reduce radial artery occlusions catheter cardiovasc interv 2015; Cardiovasc revac Med 2016

Surya Dharma

SYMPOSIUM 20 – Mutiara Ballroom

Working Group Track - Heart Failure

The Latest Recommendation In Heart Failure

Chairman *Suhendi Wijaya*

Co – Chairman *T Rahadiyan*

15.20 - 15.40 Pulmonary hypertension : looking from different point of view

Dyah Wulan Anggrahini

15.40 - 16.00 What's new in heart failure ?

Rarsari Soerarso Praktikto

16.00 - 16.20 Acute right ventricular failure : What to do and not to do

Siti Elkana Nauli

16.20 - 16.40 Discussion

SCIENTIFIC SESSION

Sunday, April 23, 2017

BREAKFAST SYMPOSIUM 4 – Ballroom 1

Chairman Lukman Ojong

Co – Chairman Roy Christian

08.00 - 08.20 The Role of Sympathetic Overdrive in Cardiovascular Diseases

Januar W Marta

08.20 - 08.50 Beta-blockers in the Treatment of Hypertension Associated with Sympathetic Overdrive

Harry Steuijker-Boudier

08.40 - 09.00 Discussion

BREAKFAST SYMPOSIUM 5 – Ballroom 2

CV Risk and T2DM : New Insight and Outcomes In Treatment Options

Chairman Toni M Aprami

Co – Chairman Sjarif Subijakto

08.00 - 08.20 How to address cardiovascular comorbid in T2DM

Sutomo Kasiman

08.20 - 08.40 Paradigm shift in T2DM therapy - beyond glycemic control

Made Ratna Saraswati

08.40 - 09.00 Discussion

SYMPOSIUM 21 – Mutiara Ballroom

Working Group Track - Prevention & Rehabilitation

Complimentary Therapy in Medical Practice

Chairman Budhi Setianto

Co – Chairman Afdhalun Hakim

08.00 - 08.20 The impact of cardiac rehabilitation programs on metabolic syndrome

Badai Bhatara Tiksnadi

08.20 - 08.40 The role of exercise-induced myocardial ischemia on cardioprotection:
The molecular mechanism

Dyana Sarvasti

08.40 - 09.00 Discussion

PLENARY SESSION 5 – Ballroom 1

- Chairman* Wayan Wita
- 09.00 - 09.30 Update on management of acute and chronic pulmonary hypertension
Kohtaro Abe
- 09.30 - 10.00 Current status of percutaneous intervention in mitral stenosis
Nguyen Ngoc Quang
- 10.00 - 10.30 Revascularization in complex CAD: anatomy, ischemic burden, and what else to consider ?
Yudi Her Oktaviono

SYMPOSIUM 22 – Ballroom 2

JOINT SYMPO IHA-JCS (Japanese Circulation Society)

Pulmonary Hypertension Management

- Chairman* Bambang B Siswanto
- Co – Chairman* Afif Siregar
- 09.00 - 09.20 How to deal with pulmonary hypertension in adult congenital heart diseases
Poppy S Roebiono
- 09.20 - 09.40 Managing pulmonary hypertension in pulmonary disease: Treat the vessel's and the lung
Menaldi Rasmin
- 09.40 - 10.00 Percutaneous pulmonary angioplasty in patients with cteph: Technique and outcome
Kohtaro Abe
- 10.00 - 10.20 Discussion

SYMPOSIUM 23 – Mutiara Ballroom

Working Group Track - Pediatric Cardiology

Non Surgical Intervention in Congenital Heart Disease

- Chairman* Ganesja M Harimurti
- Co – Chairman* Heny Martini
- 09.00 - 09.20 Experience of non-surgical interventions in CHD at National Cardiovascular Center Harapan Kita
Indriwanto Sakidjan
- 09.20 - 09.40 Early experience in PDA stenting at National Cardiovascular Center Harapan Kita
Radityo Prakoso
- 09.40 - 10.00 Experiences in trans catheter PDA occlusion for infants
R. Krishna Kumar
- 10.00 - 10.20 Discussion

SCIENTIFIC SESSION

LUNCH SYMPOSIUM 7 – Ballroom 1

Chairman *Muhammad Aminuddin*

Co – Chairman *Putra Gunadhi*

10.40 - 11.00 Role of anticoagulant in management of acute coronary syndrome
Bambang Widyantoro

11.00 - 11.20 Role of anticoagulant in management of deep vein thrombosis
Taofan

11.20 - 11.40 Discussion

LUNCH SYMPOSIUM 8 – Ballroom 2

Chairman *Erika Maharani*

Co – Chairman *Rendy Asmara*

10.40 - 11.00 Efficacy, safety and security: a New data for Dabigatran Etexilate in primary SPAF anticoagulation care
Yoga Yuniadi

11.00 - 11.20 The powerful of 24 hours blood pressure reduction with combination therapy
Pradana Tedjasukmana

11.20 - 11.40 Discussion

LUNCH SYMPOSIUM 9 – Mutiara Ballroom

Chairman *Renan Sukmawan*

Co – Chairman *Dyah Siswanti*

10.40 - 11.00 Treatment of essential hypertension with CCB : What is the place of lecanidipine?
Yan Herry

11.00 - 11.20 Vascular innovation: Journey towards bio absorbable vascular scaffold (Absorb Gt1)
Teguh Santoso

11.35 - 11.40 Discussion

SYMPOSIUM 24 – Ballroom 1

IHA For General Practitioners - Bring Up Your Cases: Discuss With The Experts

Chairman *Surya Dharma*

Panelists *Hengkie Frankie L, Agnes Lucia Panda, Muzzakir, Ilham Uddin, Masrul Syafri*

11.40 - 11.50 Case 1 - ACS

11.50 - 12.00 Case 2 - Valvular Heart Disease

12.00 - 12.10 Case 3 - Heart Failure

12.10 - 12.20 Case 4 - Aritmia

12.20 - 13.00 Case 5 - Stable Angina Pectoris

SYMPOSIUM 25 – Ballroom 2

JOINT SYMPOSIUM IHA-AFC (Asean Federation of Cardiology)

Heart Team Approach In Valvular Heart Diseases

Chairman *Richard Ng*

Co – Chairman *Amiliana M. Soesanto*

11.40 - 12.00 Percutaneous mitral valve repair - mitral clip and other technologies

Sofian Johar

12.00 - 12.20 Minimal invasif in valvular surgery

Arinto Bono Adji

12.20 - 12.40 The current status and expanding indications of TAVI

Paul Chiam

12.40 - 13.00 Discussion

SYMPOSIUM 26 – Mutiara Ballroom

Working Group Track – Acute Cardiovascular Care

Acute Heart Failure and Cardiogenic Shock 2017

Chairman *Wisnoe Pribadi*

Co – Chairman *Mas Kusharyadi*

11.40 - 12.00 Acute pulmonary edema: ventilation management

Antono Sutandar

12.00 - 12.20 Should we combine inotropic and vasopressor in the management of cardiogenic shock

M. Yusuf Alsagaff

12.20 - 12.40 Multi-vessel versus culprit-only PCI in cardiogenic shock

Dafsah Arifa Juzar

12.40 - 13.00 Discussion

WORKSHOPS

Workshop on Cardiac Auscultation and Physical Examination

Course Director : Dian Zamroni

Date and Time : April 20th, 2017, 07.30 – 16.00

Venue : Mutiara Ballroom 1, the Ritz Carlton Hotel Jakarta

Time	Topics	Instructor
07.30 – 08.00	Re-registration	
08.00 – 08.30	Opening Pre Test	All Instructors
08.30 – 09.00	Anatomy and Physiology of Cardiovascular System	Dian Zamroni
09.00 – 09.30	Anamnesis in Cardiovascular Diseases	Berlian Idriansyah Idris
09.30 – 10.00	Cardiovascular Physical Examination, JVP, Chest Inspection, Palpation, and Percussion	Reza Oktavianus
10.00 – 10.30	Coffee / Tea Break	
10.30 – 11.00	Cardiac Auscultation : Normal Heart Sounds	Reza Oktavianus
11.00 – 11.30	Cardiac Auscultation: Murmur	Berlian Idriansyah Idris
11.30 – 12.00	Basic ECG and the ECG Correlation with Heart Abnormalities	Dian Zamroni
12.00 – 12.30	Question and Answer	All Instructors
12.30 – 13.30	Lunch Break	
13.30 – 14.30	Hands on Cardiac Auscultation (Harvey Mannequin)	All Instructors
14.30 – 15.15	Case Discussion	All Instructors
15.15 – 15.45	Post Test	All Instructors
15.45 – 16.00	Closing and Certificate	All Instructors

Workshop on Acute Cardiovascular Care: Cardiorespiratory Management in Cardiac Critical Care

Course Director : Roy Christian

Date and Time : April 20th , 2017, 07.30 – 16.00

Venue : Mutiara 10, the Ritz Carlton Hotel Jakarta

Time	Topics	Instructor
07.30 – 08.00	Re-registration	
08.00 – 08.30	Pre-test	All Instructors
08.30 – 09.00	Basic concept and core knowledge in Mechanical Ventilation	Roy Christian
09.00 – 09.30	Initiating, ventilation, and monitoring of Mechanical Ventilation in Cardiovascular disease	Setyasih Anjarwani
09.30 – 10.00	Therapeutic Intervention and making appropriate Changes effects	Diah Retno Widowati
10.00 – 10.30	Coffee / Tea Break	
10.30 – 11.00	Non Invasive Ventilation	Setyasih Anjarwani
11.00 – 11.30	Complication of Mechanical Ventilation : how to diagnose and manage	Daniel PL Tobing
11.30 -12.00	Discontinuation from Mechanical Ventilation: what to Observed	Diah Retno Widowati
12.30 – 13.00	Discussion	All Instructors
12.30 – 13.30	Lunch Break	
13.30 – 14.30	Case Study (Mechanical ventilation in Cardiac Critical Care) and Discussion	All Instructors + Fellow ACC
14.30 – 15.45	Hands on of MV (divided in to 3 stations) : 1. Introduction of MV how to prepare and initiate 2. Application of MV, monitoring and troubleshooting 3. Nursing management of mechanical ventilation	All Instructors
15.45 – 16.00	Post-test and Closing	All Instructors

WORKSHOPS

Workshop on Echocardiography in Pediatric Cardiology and Congenital Heart Disease: Right Heart Anomalies

Course Director : Oktavia Lilyasari

Date and Time : April 20th, 2017, 07.30 – 16.00

Venue : National Cardiovascular Center Harapan Kita, Jakarta

Time	Topic	Instructor
Right Heart Anomalies		
07.00 – 08.00	Registration	
08.00 – 08.19	Opening Remarks	Oktavia Lilyasari
08.10 – 08.30	Pre-test	Sisca N. Siagian
Session I		Moderator: Anna Ulfah Rahajoe
08.30 – 09.00	Echocardiographic spectrum of Ebstein's anomaly: Detailed anatomic assessment.	Ali N Nasution
09.00 – 09.30	Echocardiography evaluation in tricuspid atresia: Anatomic variations and associated anomalies.	Radityo Prakoso
09.30 – 09.45	Discussion	
09.45 – 10.00	Coffee Break	
Session II		Moderator: Poppy S Roebiono
10.00 – 10.30	Echocardiographic and Doppler parameters used in severity assessment of pulmonary stenosis and regurgitation	Heny Martini
10.30 – 11.00	Echocardiographic assessment of pulmonary atresia with intact ventricular septum: Morphologic variations that is important for management.	Indriwanto Sakidjan
11.00 – 11.15	Discussion	
11.15 – 11.30	Quick Review: Segmental approach for assessing congenital heart disease	Ganesja M. Harimurti
11.30 – 12.30	Interactive Life Case Demonstration	Ganesja M. Harimurti Olfi Lelya
12.30 – 13.30	Lunch Break	

Time	Topic	Instructor
Hands on Echocardiography		
13.30 – 15.30	Hands on for 4 - 7 groups	Indriwanto Sakidjan Oktavia Lilyasari Radityo Prakoso Heny Martini Yulius Patimang Ali N. Nasution Charlotte Johanna Cool
15.30 – 15.50	Post-test	Sisca N. Siagian
15.50 – 16.00	Closing Remarks	Oktavia Lilyasari

WORKSHOPS

Workshop on Stress Echocardiography in Clinical Practice: When and How ?

Course Director : Rina Ariani

Date and Time : April 20th, 2017, 07.30 – 16.00

Venue : Mutiara 17 – 18, the Ritz Carlton Hotel Jakarta

Time	Topics	Instructor
07.30 – 08.00	Re-registration	
08.00 – 08.40	Introduction to stress echocardiography: normal response to stress, what can we get from echo, and comparison with other modalities	M. Arif Nugroho
08.40 – 09.20	Stress echo modalities: what's the difference?	M. Arif Nugroho
09.20 – 10.00	Standard stress echocardiography preparation, protocols, and image acquisition	Hasanah Mumpuni
10.00 – 10.30	Coffee / Tea Break	
10.30 – 11.10	Stress echocardiography in ischemic heart disease	Erwan Martanto
11.10 – 11.50	Stress echocardiography for evaluation of diastolic dysfunction and LVOT gradient	BRM Ario S. Kuncoro
11.50 – 12.30	Stress echocardiography in valvular heart disease	Hasanah Mumpuni
12.30 – 13.30	Lunch Break	
13.30 – 14.10	Live case demonstration	BRM Ario S. Kuncoro
14.10 – 15.00	Interactive case discussion	All Instructors

Workshop on Wide Complex Tachyarrhythmia: “VT or Not VT? That is the Question...”

Course Director : Sunu B. Rahardjo

Date and Time : April 20th , 2017, 07.30 – 16.00

Venue : Mutiara Ballroom 2, the Ritz Carlton Hotel Jakarta

Time	Topics	Instructor
07.15 – 08.00	Re-registration	
08.00 – 08.15	Pre – test	
08.15 – 08.30	Introduction	Sunu B. Raharjo
08.30 – 09.00	VT or not VT: Can Medical Histories and Clinical Conditions Help?	I Made Putra Swi Antara
09.00 – 09.30	VT or not VT: How Physical Examinations Support to Differentiate?	Chaerul Achmad
09.30 – 10.00	Cases & Discussion	
10.00 – 10.15	Coffee / Tea Break	
10.15 – 11.00	Lewis' lead, Wellens', Kindwall's and Morphology Criteria to Differentiate VT vs SVT: What are they?	Dicky A Hanafy
11.00 – 11.45	ECG Algorithm Approaches: The Powers and the Pitfalls	Erika Maharani
11.45 – 12.30	Cases and Discussion	
12.30 – 13.30	Lunch Break	
13.30 – 14.15	Management of WCT: Stable or Unstable?	Hermawan
14.15 – 15.15	Interactive Cases Discussions	Sunu B. Raharjo
15.15 – 15.30	Post-test & Closing	

WORKSHOPS

Workshop on Multi Diagnostic Modalities for Peripheral Vascular Diseases

Course Director : Suko Adiarto

Date and Time : April 20th , 2017, 07.30 – 16.00

Venue : National Cardiovascular Center Harapan Kita, Jakarta

Time	Topics	Instructor
07.30 – 08.00	Re-registration & Pre-Test	
08.00 – 08.10	Introduction	RWM Kaligis
08.10 – 08.30	Ultrasound in Peripheral Artery (Lower Ext) Disease	Suko Adiarto
08.30 – 08.50	Ultrasound in Peripheral Venous (Lower Ext) Disease	Hananto Andriantoro
08.50 – 09.10	Ultrasound in Carotid Artery Disease	Taofan
09.10 – 09.30	Transcranial Doppler in Cerebrovascular Disease	Ismoyo Sunu
09.30 – 10.00	Coffee / Tea Break	
10.00 – 10.20	Pletysmography in Peripheral Artery Disease	Iwan Dakota
10.20 – 10.40	Knobology and Initial Setting of Vascular Ultrasound	Sofiawatie
10.40 – 11.20	Discussion	
11.20 – 12.30	Lunch Break	
12.30 – 15.00	Hands on: Moving Station <ul style="list-style-type: none"> • TCD • Carotid • Peripheral • Pletysmography 	

Workshop on Stable Angina Pectoris

Course Director : Sunanto Ng
 Date and Time : April 20th , 2017, 07.30 – 16.00
 Venue : Mutiara 1, the Ritz Carlton Hotel Jakarta

Time	Topics	Instructor
07.30 – 08.00	Re-registration	
08.00 – 08.20	Pre-test	
08.20 – 08.30	Opening remarks	
Session 1 - The basic		
08.30 – 08.55	Pathophysiology in ischemic heart disease	M. Yusuf
08.55 – 09.20	Clinical spectrum of ischemic heart disease	Rita Zahara
09.20 – 09.45	Probability in clinical cardiology	Sunanto Ng
09.45 – 10.00	Q & A	Sunanto Ng
10.00 – 10.30	Coffee / Tea Break	
Session 2 - Diagnosis and assessment		
10.30 – 10.55	Principal of assessment in angina pectoris	Erwinanto
10.55 – 11.20	CT, MR, or nuclear?	Sony Hilal Wicaksono
11.20 – 11.45	Invasive diagnostic: angiography, FFR, IVUS and OCT	Renan Sukmawan
11.45 – 12.30	Case and discussion	Rita Zahara
12.30 – 13.30	Lunch Break	
Session 3 - Appropriate management		
13.30 – 13.55	Medical management vs revascularization	Erwinanto
13.55 – 14.20	CABG or PCI?	M. Yusuf
14.20 – 14.45	Non-conventional therapy for stable angina	Renan Sukmawan
14.45 – 15.15	Case and discussion	Erwinanto
15.15 – 15.30	Wrap up and closing	Sunanto Ng

WORKSHOPS

Workshop on Nuclear Cardiology & Cardiovascular Imaging: Cardiac Magnetic Resonance

Course Director : Celly A. Atmadikoesoemah
 Date and Time : April 20th , 2017, 07.30 – 16.00
 Venue : Mutiara 15, the Ritz Carlton Hotel Jakarta

Time	Topics	Instructor
07.30 – 08.00	Re-registration	
08.00 - 09.00	Introduction of stress CMR: <ul style="list-style-type: none"> MR physics relevant to CMR stress perfusion imaging Indications, contraindications, risks of CMR stress tests, including NSF 	Putrika P Gharini
09.00 - 10.00	How to sessions: <ul style="list-style-type: none"> How to do set CMR in doing stress How to do late gadolinium enhancement imaging 	Saskia Dyah Handari
10.00 – 10.30	Coffee / Tea Break	
10.30 - 11.30	T1 relaxation time: <ul style="list-style-type: none"> How to look for myocardial fibrosis: T1 relaxation time calculation T1 mapping 	Celly A Atmadikoesoemah
11.30 - 12.30	Ischaemia and viability – When to use what? <ul style="list-style-type: none"> Evidence for CMR stress perfusion guided management 	Sony Hilal Wicaksono
12.30 – 13.30	Lunch Break	
13-30 - 16.00	Hands-on Sessions: Case reviews and post-processing on dedicated workstations	Ari Sasongko

Workshop on Hypertension: Early Target Organ Damage and Its Reversibility: The Left Ventricular Hypertrophy

Course Director : Rossana Barack

Date and Time : April 20th , 2017, 07.30 – 16.00

Venue : Mutiara 6 - 7, the Ritz Carlton Hotel Jakarta

Time	Topics	Speaker
07.30 – 08.00	Re-registration	
08.00 – 08.30	Are thick LV walls the same as LVH: What the differences ?	Erwan Martanto
08.30 – 09.00	LVH in hypertension: The potential of heart problems: when and how to manage	Antonia Anna Lukito
09.00 – 09.30	BP variability: how to do and what should we do?	Adrianus Kosasih
09.30 – 10.00	The impact of physical training in LV mass index and exercise prescription in hypertensive patients: when and how?	Basuni Radi
10.00 – 10.30	Coffee / Tea Break	
10.30 – 11.00	Highlights from current/recent progress in hypertension	Anwar Santoso
11.00 – 12.30	Panel discussion	All Speakers
12.30 – 13.30	Lunch Break	
SMALL GROUP WORKSHOP		
Group I - Hypertension and LVH: when and how to manage		
13.30 – 14.00	Practical (evidence based) detection for LVH in clinical practice	Erwan Martanto Antonia Anna Lukito
14.00 – 15.00	Case based interactive quiz	
Group II - Blood Pressure variability		
13.30 – 14.00	BP variability: How to do and what should we do?	Adrianus Kosasih
14.00 – 15.00	Case based interactive quiz	
Group III - Exercise in Hypertension		
13.30 – 14.00	Exercise prescription in hypertensive patients: Who, when, how	Basuni Radi
14.00 – 15.00	Case based interactive quiz	

WORKSHOPS

Workshop on Holistic Care of Heart Failure: From Acute to Advanced Management

Course Director : Siti Elkana Nauli

Date and Time : April 20th, 2017, 07.30 – 16.00

Venue : Mutiara 8-9, the Ritz Carlton Hotel Jakarta

Time	Topics	Speaker / Instructor
07.30 – 08.00	Re-registration	
08.00 – 08.20	Pre-test	
08.20 – 08.30	Opening remarks	
08.30 – 09.20	Diagnosis and Early Management of Acute Heart Failure Case study	Paskariatne P Yamin
09.20 – 10.10	Fluid Management in Heart Failure : How to Unload Case study	Rarsari S Pratikto
10.10 – 10.30	Coffee / Tea Break	
10.30 – 11.20	Understanding the term and management of Advanced Heart Failure Case Study	Nani Hersunarti
11.20 – 12.10	Special condition in Heart Failure (1) : Arrhythmia, Electrolyte imbalance Case Study	Erwinanto
12.10 – 13.10	Lunch Break	
13.10 – 14.00	Special condition in Heart Failure (2) : Infection, Hypertension, Hyperglycemia Case Study	Siti Elkana Nauli
14.00 – 14.15	Post-test Closing	

Workshop on Optical Coherence Tomography (OCT) and Fractional Flow Reserve (FFR)

Course Director : Doni Firman

Date and Time : April 20th, 2017, 07.30 – 16.00

Venue : National Cardiovascular Center Harapan Kita, Jakarta

Time	Live	Topics	Speaker
08.00 – 08.30	Re-registration		
08.30 – 08.45		Welcome and Introduction	Sunarya Soerianata
08.45 – 09.00	Case 1 Amir Azis Alkatiri Dian Zamroni	Coronary circulation and coronary physiology: Concept of FFR	Doni Firman
09.00 – 09.10		Discussion	Sunarya Soerianata Doni Firman
09.10 – 09.25		Clinical Application of FFR & Tips and tricks in using pressure wires	Doni Firman
09.25 – 09.35		Discussion	Sunarya Soerianata Doni Firman
09.35 – 11.00	Case 2 Nur Haryono Bambang Widyantoro	Case 1 and Case 2 Discussion	Sunarya Soerianata Doni Firman
11.00 – 12.00		Case Sharing	Sunarya Soerianata Doni Firman
12.10 – 13.00	Lunch Break
